**About the Georgia Regional Transportation Authority**

*The Georgia Regional Transportation Authority (GRTA) is a state-level authority that addresses mobility and air quality in metro Atlanta. GRTA's jurisdiction encompasses 13 Georgia counties: Cherokee, Clayton, Coweta, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Paulding, and Rockdale. Under state law and via executive order, GRTA approves the allocation of state and federal transportation resources in metro Atlanta via the Atlanta Transportation Improvement Program (TIP), the federally-required planning process that allocates funds to the highest-priority, near-term transportation projects. Additionally, GRTA is responsible for evaluating all Developments of Regional Impact (DRIs) within its jurisdiction for their impacts on the surrounding transportation infrastructure.*

**About the State Road and Tollway Authority (SRTA)**

SRTA is a state-level, independent Authority created to operate tolled transportation facilities within Georgia and acts as the transportation financing arm for the state. SRTA manages the collection of tolls on Georgia's Express Lanes System through the use of Peach Pass; administers the Atlanta region's vanpool program; and manages the Xpress regional commuter coach transit service. In 2017, SRTA combined with the Georgia Regional Transportation Authority (GRTA) to jointly provide the services of both state authorities. The GRTA Board of Directors oversees Developments of Regional Impact, air quality reporting and regional transportation plan approval.
